

Since its Foundation in 1986, Blanchard Contact Lens Inc. has been supplying practitioners with unique soft and custom-made R.G.P. lenses. The lab quickly earned a reputation of excellence in both consultation for lens designs and quality workmanship. In fact, the majority of our customers have been referred to us by other very satisfied practitioners. Over the years, substantial investments have been made in: human resources, research and development, and machinery maintaining and improving our ability to supply only the very best services and contact lenses.
